UI/UX & Product Designer with 3+ years of experience across web and mobile, working with design systems and Figma variables and grounded in branding and visual design. I turn complex requirements into simple, component-driven layouts backed by research and iterative prototyping.

SKILLS

UI/UX - User Research, User Flows, Usability Testing, Wireframing, Prototyping, Responsive Design, Design Systems, Auto Layout, Components, Figma Variables, User-Centered Design

Graphic Design - Branding, Logo Design, Visual Identity, Typography, Social Media Design

Tools - Figma, Adobe Photoshop, Adobe Illustrator, Canva, CapCut

Development (basic) - HTML, CSS, JavaScript, React, Next.js, API, Firebase, Git, Deploy (enough to prototype and collaborate with developers)

EXPERIENCE

Digital Creative Specialist, Modif May 2024 – Present
Full-time, Remote

- Design product mockups, brand visuals, and web content with a UI/UX focus; maintain the company website end to end.
- Design and maintain modif.com.my, the brand's Malaysia-based storefront, including web banners and product mockups; use AI tools to generate and edit video content.
- Collaborate with the team to keep brand visuals consistent across every platform.

Independent UI/UX & Graphic Designer, Freelance / Multiple Clients Aug 2021 – Present
Project-based, Remote

- Long-running design contract with Makeup Coders (Aug 2022–Present): wireframes, prototypes, and design systems for client products, working directly with developers and stakeholders.
- Delivered websites, mobile app UI, and branding for additional clients and agencies across industries, managing scope and delivery independently on each engagement.
- Also design for [Luggage Travel](#) (social media design), [Clicktick Studios](#) and [Caparison Soft](#) (YouTube thumbnails), among other freelance clients.
